

Advanced Lactation Course 2010

Join Indiana WIC for a day of the latest research and clinical skills in lactation management.

This course is designed for IBCLCs and WIC staff who have completed a Lactation Management Course. Current updates and recent research will be presented by LEC staff Linda Kutner and Carole Peterson.

Topics will include:

-  Working with Obese Mothers: Problems and Counseling Issues (2 part presentation)
-  Ankyloglossia: What is the LC to do?
-  Too Much Milk: Solutions and Answers
-  Effects on Breastfeeding With a Late Term Baby
-  CDC Report on Breastfeeding Diversity
-  Where is the Mothers Milk?
